FQUA-001-02
FDA MedWatch [fda@service.govdelivery.com]
FDA MedWatch - Triad Alcohol Prep Pads, Alcohol Swabs, and Alcohol Swabsticks: Recall Due to Potential Microbial Contamination

**MedWatch**
The FDA Safety Information and Adverse Event Reporting Program

**Triad Alcohol Prep Pads, Alcohol Swabs, and Alcohol Swabsticks: Recall Due to Potential Microbial Contamination**

Sold by Cardinal Health, PSS Select, VersaPro, Boca/Ultilet, Moore Medical, Walgreens, CVS, Conzellan

**AUDIENCE:** Pharmacy, Consumer

**ISSUE:** Triad Group, a manufacturer of over-the-counter products and FDA notified healthcare professionals and patients of the recall involving all lots of alcohol prep pads, alcohol swabs, and alcohol swabsticks manufactured by Triad but sold as private labels at the consumer level. This recall has been initiated due to concerns about potential contamination of the products with Bacillus cereus. This recall involves those products marked as STERILE as well as non-sterile products. Use of contaminated alcohol prep pads, alcohol swabs, and alcohol swabsticks could lead to life-threatening infections, especially in at-risk populations, including immune suppressed and surgical patients.

**BACKGROUND:** Alcohol prep pads, alcohol swabs, and alcohol swabsticks are used to disinfect prior to an injection. They were distributed nationwide to retail pharmacies and are packaged in individual packets and sold in retail pharmacies in a box of 100 packets. The affected Alcohol Prep Pads, Alcohol Swabs and Alcohol Swabsticks can be identified by either "Triad Group," listed as the manufacturer, or the products are manufactured for a third party and use the names listed below in their packaging: Cardinal Health, PSS Select, VersaPro, Boca/Ultilet, Moore Medical, Walgreens, CVS, Conzellan.

**RECOMMENDATION:** If a consumer has any of these types of products in their possession listing "Triad Group" as the manufacturer, they should not use the product and should return it to the place it was purchased for a full refund.

Healthcare professionals and patients are encouraged to report adverse events or side effects related to the use of these products to the FDA's MedWatch Safety Information and Adverse Event Reporting Program:

- Complete and submit the report Online: [www.fda.gov/MedWatch/report.htm](http://www.fda.gov/MedWatch/report.htm)
- Download form or call 1-800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178
