eBills are *courtesy* electronic billing statements that are issued on the 22\textsuperscript{nd} of each month.

Monthly eBills are *static* and, therefore, do not reflect charges and payments made directly after that billing period.

Monthly eBills are generated if and only if there is account activity within billing cycles.
Students are responsible for viewing the most up-to-date status of their student account via the Recent Account Activity screen on MyBill and/or SISWEB (http://sisweb.ucdavis.edu).
